Having Morpheus at my side has exceed my wildest expectations of what it means to be a true partner, advisor, and mentor. These thoughts don't fully express my appreciation, but it is hard to put into words. With the team's superb insight and support throughout our two year trade secret legal case, HouseCanary was awarded \$740 million in a unanimous jury decision. This set the record for the largest trade secret award in the U.S. in 2018.

The Morpheus team is the type of VC every entrepreneur wants on their cap table. They add tangible value well beyond the dollars they invest by contributing their expertise and thoughtful partnership, and will be there in lockstep with you through any challenges or times of crisis.
